

The Kiwanis Club of Minisink Valley is performing a community service project called **“H.E.L.P.”, Home Emergency Labeling Program**. This program is designed to help emergency service organizations, within the Minisink Valley School District, locate a residence via properly installed address signage. The signs will be installed as per the town’s official regulations. Kiwanis will install the signs free of charge as most of the materials have been donated. The balance of materials needed will be provided by Minisink Valley Kiwanis.

Minisink Valley Kiwanis will not be in the position of enforcement of address signage but a means for free installation of signage to meet town code. We will post a photo of the signage in the near future.

If you would like to have a sign installed, or know of someone who needs one, please contact Kiwanis at 845-858-8920 or slapshot@frontiernet.net.
