**Report on the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of Minisink Valley Central School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund, of Minisink Valley Central School District as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Minisink Valley Central School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Emphasis of Matter***

As discussed in Note 3 to the financial statements, management has adopted Governmental Accounting Standards Board Statement No. 96, *Subscription Based Information Technology Arrangements*. Our opinion is not modified with respect to that matter.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Minisink Valley Central School District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Minisink Valley Central School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Minisink Valley Central School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Minisink Valley Central School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and required supplementary information on pages 4 through 15 and 67 through 71 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Minisink Valley Central School District

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Minisink Valley Central School District's basic financial statements. The supplemental schedules on pages 72 through 74 were required by the New York State Education Department and are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules on pages 72-74 and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2023 on our consideration of Minisink Valley Central School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting or on compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Minisink Valley Central School District's internal control over financial reporting and compliance.

## MINISINK VALLEY CENTRAL SCHOOL DISTRICT

### **Management Discussion and Analysis**

#### **Introductory Section**

The following is a discussion and analysis of Minisink Valley Central School District's financial performance for the year ended June 30, 2023. This section is a summary of Minisink Valley Central School District's financial activities based on currently known facts, decisions, or conditions. It is also based on both the district-wide and fund-based financial statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the District's financial statements, which immediately follow this section.

#### **Overview of the Financial Statements**

This annual report consists of three parts: MD&A (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district-wide* financial statements that provide both *short-term* and *long-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the district-wide statements. The fund financial statements concentrate on the District's most significant funds with all other non-major funds listed in total in one column.
- The *governmental funds statements* indicates how basic services such as regular and special education were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year.

The following table summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of MD&A highlights the structure and contents of each of the statements.

Required financial statements	<ul style="list-style-type: none"> <li>• Statement of Net Position</li> <li>• Statement of Activities</li> </ul>	<ul style="list-style-type: none"> <li>• Balance Sheet</li> <li>• Statement of Revenues, Expenditures, and Changes in Fund Balances</li> </ul>
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus
Type of asset/deferred outflows of resources/liability/deferred inflows of resources information	All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, both financial and capital, short-term and long-term	Generally, assets and deferred outflows of resources expected to be used up and liabilities and deferred inflows of resources that come due or available during the year or soon thereafter; no capital assets or long-term liabilities included
Type of inflow/out flow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable

#### District-Wide Financial Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements, the District's activities are shown as *Governmental activities*. Most of the District's basic services are included here, such as regular and special education, transportation, and administration. Property taxes and State formula aid finance most of these activities.

## MINISINK VALLEY CENTRAL SCHOOL DISTRICT

### **Management Discussion and Analysis (Continued)**

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District establishes other funds to control and to manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as Federal grants).

All of the District's funds are governmental funds. The governmental funds include all of the District's basic services. Governmental funds generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.

### **Financial Analysis of the District's Funds**

As discussed, the District's governmental funds are reported in the fund statements with a modified accrual basis that uses a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financial requirements. The major governmental funds of the District consist of the General Fund, Special Aid Fund, School Lunch Fund, Debt Service Fund and Capital Projects Fund. The total fund balances allocated between non-spendable, restricted, assigned, and unassigned fund balance for each of these funds is as follows:

June 30, 2023					
	Nonspendable	Restricted	Assigned	Unassigned	Total

### General Fund Budgetary Highlights

In assessing the overall operations of the General Fund for the year ended June 30, 2023, revenue and other sources of \$102,458,937, exceeded expenditures and other uses of \$101,068,226, by \$1,390,711. Revenues for the school year increased by \$6,012,619 over the prior year. Expenditures and uses increased by \$6,825,657.

Due to revenue limitations caused by the tax cap and flat or modest state aid increases in foundation aid, the district continues to explore options to contain expenses while maximizing all sources of revenue. The district's self-funded health insurance plan experienced an increase in expenditures of \$256,894 or 2.06%. The district saw a modest increase in monthly claims throughout 2022-2023 as a result of more participation as Covid-19 restrictions were essentially eliminated. Despite declining enrollment, the district's special education classification rate has been constant and/or increasing. The special education program expenses increased \$2,081,814 or 12.04%. The increase in expenditures was due to an increase in services provided compared to the prior year.

#### General Fund Budgetary Highlights (Continued)

In reviewing the actual results of operations for the General Fund for the year ended June 30, 2023 as compared to the adjusted budget, revenues were greater than the budget by \$4,051,853 (4.12%) and the unencumbered expenditures were \$4,429,185 (4.17%) under budget. For the prior year ended June 30, 2022, were greater than the budget by \$384,209 (.40%) and the unencumbered expenditures were \$8,820,487 (8.11%) under budget.

Unclassified revenues and refunds for prior year expenses were over budget \$1,890,201 (194%) due in large part to Interest and Earnings, and prior year surplus. State Aid was \$677,323 (1.52%) over budget. Insurance recoveries / compensation for loss were \$1,230,620 (1,641%) over budget due to health insurance recoveries and stop loss insurance recovery revenue.

The District appropriated \$5,339,333 of fund balance to reduce the 2022-2023 tax levy as compared to \$6,439,748 for the prior year. Appropriation of fund balance continues to be managed to ensure that funds are available to meet the program and operational needs of the district while adhering to property tax cap guidelines in order to avoid significant tax increases in the future.

For fiscal year 2023-2024, the District has appropriated \$4,528,732 of fund balance to reduce the tax levy.

Factors that continue to affect the budget process are as follows:

- New York State Property Tax Cap formula restrictions limiting tax revenues during challenging economic times
- Costs of employee benefits for pensions and healthcare due to stock market volatility, increasing medical and prescription drug costs
- Increasing special education program and tuition costs required to meet federal and state legislative mandates.

Management believes that the budget adopted for 2023-2024 is reasonably adaptable to any adverse changes that may arise based on the above factors.

The New York State Legislature enacted legislation, Chapter 97 of the Laws of 2011 that establishes a “property tax cap” on the amount that a school district’s property tax levy can increase each year. This legislation specifies that property taxes levied by a school district generally cannot increase by more than two percent, or the rate of inflation, whichever is less. The law does allow school districts to levy an additional amount for certain excludable expenditures. School districts can adopt a tax levy that exceeds the statutory limit, if the budget that is presented to the public is approved by sixty percent of the votes cast. The legislation took effect beginning with the 2012-2013 school year.

#### Other Fund Highlights

The Special Aid Fund - for the year ended June 30, 2023, an interfund transfer from the General Fund to the Special Aid Fund in the amount of \$290,579 was made to provide funds for the required 20% local match for the Summer Handicapped Program. Fund balance at year end was \$4.

## Management Discussion and Analysis (Continued)

### Other Fund Highlights (Continued)

The School Lunch Fund had revenue that exceeded expenditures by \$104,382. Fund balance increased to \$1,893,243. The district has an approved plan to reduce lunch fund excess fund balance. All meals are being provided for free for all students in the 2023-2024 school year. Additionally, significant kitchen equipment replacements at the Middle and High Schools have been approved as part of the plan.

Debt Service Fund ended the year with a fund balance of \$2,057,173. This fund balance will be appropriated in future years to offset principal and interest payments.

The Capital Fund ended the year with a deficit fund balance of (\$23,809,402). This deficit will be eliminated as projects are completed and permanent financing is obtained.

### Capital Asset and Debt Administration

#### Capital Assets

The District's investment in capital assets, net of accumulated depreciation and amortization as of June 30, 2023 and 2022, was \$93,391,518 and \$92,523,505 respectively. The total increase in this net investment was .94% for the District as a whole (see schedule below). The District expended \$6,057,708 to acquire and construct capital assets and \$129,576 in right to use assets during the fiscal year ended June 30, 2023. Assets retired from service had a net basis of \$132,370 and depreciation expense for the fiscal year was \$5,045,618. Amortization was \$141,283.

## MINISINK VALLEY CENTRAL SCHOOL DISTRICT

### **Management Discussion and Analysis** **(Continued)**

#### Long-Term Debt

At the end of the fiscal year, the District had total bonded debt outstanding of \$29,170,000. This amount is backed by the full faith and credit of the Minisink Valley Central School District with debt service fully funded by voter approved property taxes. Activity in bonded debt outstanding during the fiscal year was as follows:

<u>Beginning Balance</u>	<u>Issued</u>	<u>Paid</u>	<u>Ending Balance</u>
\$ 33,715,000	\$ 0	\$ 4,545,000	\$ 29,170,000

Long-term debt also includes unamortized bond premiums of \$2,590,163 related to various serial bonds used for advanced refunding. The premiums are being amortized over the lives of the bonds which mature between 2025 and 2037.

#### Bond Ratings

S & P Global Ratings, a business unit of Standard & Poor's Financial Services, LLC ("S & P") has assigned a rating of "AA" with a stable outlook to the District's outstanding bonds. This rating reflects only the view of the rating agency assigning such rating and an explanation of the significance of such rating should be obtained from Standard & Poor's Credit Market Services. There can be no assurance that such rating will not be lowered or withdrawn, if in the judgment of S & P, circumstances so warrant. Any change or withdrawal of such rating may have an adverse effect on the market price of the Notes.

#### Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Patrick Witherow, Assistant Superintendent for Business, at the District's business office located at Route 6, Slate Hill, New York 10973.

MINISINK VALLEY CENTRAL SCHOOL DISTRICT  
SLATE HILL, NEW YORK  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES.

The financial statements of Minisink Valley Central School District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. Those principles are prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Significant accounting principles and policies utilized by the District are described below:

A. Reporting Entity

Minisink Valley Central School District is governed by the laws of New York State. The District is an independent entity governed by an elected Board of Education consisting of 9 members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for, and controls all activities related to public school education within the District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The reporting entity of the District is based upon criteria set forth by GASB Statement 14, *The Financial Reporting Entity*, as amended by GASB Statement 39, *Component Units*. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the District. The District is not a component unit of another reporting entity. The decision to include a potential component unit in the District's reporting entity is based on several criteria including legal standing, fiscal dependency and financial accountability. Based on the application of these criteria, the following is a brief description of certain entities included in the District's reporting entity.

1. Extraclassroom Activity Funds

The Extraclassroom Activity Funds of the District represent funds of the students of the District. The Board of Education exercises general oversight and administrative involvement over these funds. The Extraclassroom Activity Funds have designated student management that is overseen by faculty advisors. Separate audited financial statements (cash basis) of the Extraclassroom Activity Funds have been included in this report. The District accounts for extraclassroom activities in its Miscellaneous Special Revenue Fund.

B. Joint Venture

The District is one of the component districts in the Orange/Ulster Board of Cooperative Education Services (BOCES). BOCES is a cooperative association of school districts in a geographic area that shares planning, services, and programs which provide educational and support activities. There is no authority or process by which a school district can terminate its status as a BOCES component.

STATE HILL, NEW YORK  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES. (Continued)

B. Joint Venture (Continued)

BOCES are organized under §1950 of the New York State Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of §1950 of the New York State Education Law. All BOCES property is held by the BOCES Board as a corporation (§1950(6)). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under §119-n (a) of the New York State General Municipal Law.

A BOCES' budget is comprised of separate budgets for administrative, program and capital costs. Each component district's share of administrative and capital cost is determined by resident public school district enrollment, as defined in the New York State Education Law, §1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

During the year, the District was billed \$15,097,377 for BOCES administrative and program costs. The District's share of BOCES aid amounted to \$2,383,155. Financial Statements for BOCES are available from the BOCES administrative office located at 53 Gibson Road, Goshen, NY 10924.

C. Basis of Presentation

1. District-Wide Statements

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, State aid, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The Statement of Net Position presents the financial position of the District at year end. The Statement of Activities presents a comparison between program expenses and revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses, principally employee benefits, are allocated to functional areas in proportion to the payroll expended in those areas. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

2. Funds Statements

The fund statements provide information about the District's governmental funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

C. Basis of Presentation (Continued)

2. Funds Statements (Continued)

The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.

Special Revenue Funds: These funds account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Special revenue funds include the following:

Special Aid Fund: This fund accounts for the proceeds of specific revenue sources, such as federal and state grants, that are legally restricted to expenditures for specified purposes. These legal restrictions may be imposed either by governments that provide the funds, or by outside parties.

School Lunch Fund: This fund is used to account for the school lunch operations. The school lunch operation is supported by federal and state grants and charges participants for its services.

Miscellaneous Special Revenue Fund: This fund is used to account for other proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes and the specific revenue sources continue to make up a substantial portion of the inflows reported in the fund. Revenue reported in this fund includes gifts and donations that are restricted for scholarships and revenue generated by students through extraclassroom activities that are restricted for extraclassroom activities. Other resources, such as investment earnings and transfers, may also be reported in the fund.

Capital Projects Fund: This fund is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities.

Debt Service Fund: This fund accounts for the accumulation of resources and the payment of principal and interest on long-term general obligation debt of governmental activities.

D. Measurement Focus and Basis of Accounting

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place.

SLATE HILL, NEW YORK  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES. (Continued)

D. Measurement Focus and Basis of Accounting (Continued)

Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. The fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 90 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

E. Property Taxes

Real property taxes are levied annually by the Board of Education no later than September 1<sup>st</sup> and became a lien on August 18, 2022. Taxes were collected during the period September 1, 2022 through October 31, 2022.

Uncollected real property taxes are subsequently enforced by Orange County. The County pays an amount representing all uncollected real property taxes transmitted to the County for enforcement to the District no later than the following April 1.

F. Restricted Resources

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District's policy concerning which to apply first varies with the intended use, and with associated legal requirements, many of which are described elsewhere in these Notes.

G. Interfund Transactions

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditure and revenues to provide financing or other services.

In the district-wide statements, eliminations have been made for all interfund receivables and payables between the funds. The governmental funds report all interfund transactions as originally recorded.

SLATE HILL, NEW YORK  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES. (Continued)

G. Interfund Transactions (Continued)

Interfund receivables and payables may be netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

Refer to Note 13 for a detailed disclosure by individual fund for interfund receivables, payables, expenditures and revenues activity.

H. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, potential contingent liabilities and useful lives of long-lived assets.

I. Cash and Investments

The District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition.

New York State law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities.

Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of United States and its agencies and obligations of the State and its municipalities and Districts.

J. Accounts Receivable

Accounts receivable are shown gross, with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that such allowance would not be material.

K. Lease Receivable

Leases receivable are recorded at net present value of the lease, with a corresponding deferred inflow of resources.

L. Inventories and Prepaid Items

Inventories of food in the School Lunch Fund are recorded at cost on a first-in, first-out basis, or in the case of surplus food, at stated value which approximates market. Purchases of inventoriable

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES. (Continued)

L. Inventories and Prepaid Items (Continued)

items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

Prepaid items represent payments made by the District for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the district-wide and fund financial statements. These items are reported as assets on the statement of net position or balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed.

M. Capital Assets

Capital assets are reported at cost for acquisitions. Donated assets are reported at estimated fair market value at the time received.

Land and Construction in Progress are not depreciated. Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the District-wide statements are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land Improvements	\$ 5,000	Straight Line	40 years
Buildings and Improvements	5,000	Straight Line	40 years
Furniture and Equipment	5,000	Straight Line	5 - 20 years
Vehicles	5,000	Straight Line	8 years

The board approved an increase in the capitalization thresholds from \$1,000 to \$5,000 effective July 1, 2012. Assets capitalized prior to July 1, 2012 will continue to be depreciated over their remaining estimated useful lives.

N. Right to Use Asset

A right of use asset is a lessee's right to use an asset over the life of the lease. Right to use assets are reported at present value.

O. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The district has three items that qualify for reporting in this category.

MINISINK VALLEY CENTRAL SCHOOL DISTRICT  
SLATE HILL, NEW YORK  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES. (Continued)

O. Deferred Outflows and Inflows of Resources (Continued)

The first is deferred amounts on refunding in the Statement of Net Position as deferred outflows of resources. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second deferred outflow is related to pensions reported in the Statement of Net Position. For additional information on the deferred outflows related to pensions, see Note 11. The third deferred outflow is related to other postemployment retirement benefits reported in the Statement of Net Position. For additional information on the deferred outflows related to other postemployment retirement benefits, see Note 13.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. The District reports a deferred inflow of resources related to pensions in the Statement of Net Position. For additional information on the deferred inflows related to pensions, see Note 11. The District also reports deferred inflow of resources in the Statement of Net Position related to other postemployment retirement benefits. For additional information on the deferred inflows related to other postemployment retirement benefits, see Note 13. The third deferred inflow relates to Leases Receivable which are reported in the governmental funds and the Statement of Net Position.

P. Unearned Revenue

The District reports unearned revenues on its Statement of Net Position and its Balance Sheet. On the Statement of Net Position, unearned revenues arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to incurrence of qualifying expenditures. In subsequent periods, when the District has legal claim to resources, the liability for unearned revenue is removed and revenue is recognized.

Q. Vested Employee Benefits

1. Compensated Absences

Compensated absences consist of unpaid accumulated annual sick leave, vacation, and sabbatical or personal time.

Sick leave eligibility and accumulation is specified in negotiated labor contracts, and in individual employment contracts. Upon retirement, resignation or death, employees may contractually receive a payment based on unused accumulated sick leave.

District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken in varying time periods.

SLATE HILL, NEW YORK  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES. (Continued)

Q. Vested Employee Benefits (Continued)

Consistent with GASB Statement 16, *Accounting for Compensated Absences*, the liability has been calculated using the vesting/termination method and an accrual for that liability is included in the district-wide statements. The compensated absences liability is calculated on the pay rates in effect at year-end.

2. Other Benefits

Eligible District employees participate in the New York State Employees' Retirement System and the New York State Teachers' Retirement System.

In addition to providing pension benefits, the District provides postemployment health insurance coverage and survivor benefits to retired employees and their survivors in accordance with the provisions of various employment contracts in effect at the time of retirement. Substantially all of the District's employees may become eligible for these benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing post-retirement benefits is shared between the District and the retired employee based on the contract in place at the employees' retirement date. The District recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure.

R. Short-Term Debt

The District may issue Revenue Anticipation Notes (RAN) and Tax Anticipation Notes (TAN), in anticipation of the receipt of revenues. These notes are recorded as a liability of the fund that will actually receive the proceeds from the issuance of the notes. The RAN's and TAN's represent a liability that will be extinguished by the use of expendable, available resources of the fund.

The District may issue budget notes up to an amount not to exceed 5% of the amount of the annual budget during any fiscal year for expenditures for which there is an insufficient or no provision made in the annual budget. The budget note must be repaid no later than the close of the second fiscal year succeeding the year in which the note was issued.

The District may issue Bond Anticipation Notes (BAN), in anticipation of proceeds from the subsequent sale of bonds. These notes are recorded as current liabilities of the funds that will actually receive the proceeds from the issuance of bonds. State law requires that BAN's issued for capital purposes are converted to long-term financing within five years after the original issue date.

The District may issue deficiency notes up to an amount not to exceed 5% of the amount of that same year's annual budget in any fund or funds arising from revenue being less than the amount budgeted for that year. The deficiency notes may mature no later than the close of the year following the year in which they were issued. However, they may mature no later than the close of the second year after the fiscal year in which they were issued, if the notes were authorized and issued after the adoption of the budget for the year following the year in which they were issued.

S. Accrued Liabilities and Long-Term Obligations

Payables, accrued liabilities and long-term obligations are reported in the district-wide financial statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources. Claims and judgments, and compensated absences that will be paid from governmental funds, are reported as a liability in the funds financial statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Long-term obligations are the District's future obligations or future economic outflows. The liabilities are reported as due in one year or due within more than one year in the Statement of Net Position.

T. Equity Classifications

1. District-wide Statements

In the district-wide statements there are three classes of net position:

Net investment in capital assets - consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, constructions or improvements of those assets.

Restricted net position - reports net position when constraints placed on the assets are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – reports all other net position that do not met the definition of the above two classifications and are deemed to be available for general use by the District.

2. Funds Statements

In the governmental fund statements, there are five classifications of fund balance:

Non-spendable – Includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Non-spendable fund balance includes the inventory recorded in the School Lunch Fund of \$31,760.

Restricted – Includes amounts with constraints placed on the use of resources either (a) externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. All encumbrances of funds other than the General fund are classified as restricted fund balance. The District has established the following restricted fund balances:

Capital Reserve

Capital Reserve (Education Law §3651) is used to pay the cost of any object or purpose for which bonds may be issued. The creation of a capital reserve fund requires authorization by a majority of the voters establishing the purpose of the reserve; the ultimate amount, its probable term and the source of the funds. Expenditure may be made from the reserve only for a specific purpose further authorized by the voters. The form for the required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in §3651 of the Education Law. This reserve is accounted for in the General Fund.

Workers' Compensation Reserve

Workers' Compensation Reserve (GML §6-j) is used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law, and for payment of expenses of administering this self-insurance program. The reserve may be established by Board action, and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. The reserve is accounted for in the General Fund.

Unemployment Insurance Reserve

According to General Municipal Law §6-m, must be used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund. This reserve is accounted for in the General Fund.

Property Loss Reserve and Liability Reserve

Property Loss Reserve and Liability Reserve (Education Law §1709(8) (c)) are used to pay for property loss and liability claims incurred. Separate funds for property loss and liability claims are required, and these reserves may not in total exceed 3% of the annual budget or \$15,000, whichever is greater. This type of reserve fund may be utilized only by school districts, except city school districts with a population greater than 125,000. These reserves are accounted for in the General Fund.

Insurance Reserve

According to General Municipal Law §6-n §3653, must be used for expenditures for any loss, claim, action or judgement for which the school district is authorized to purchase or maintain insurance. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated. The reserve is accounted for in the General Fund.

Tax Certiorari Reserve

According to Education Law §3651.1-a, must be used to establish a reserve fund for tax certiorari and to expend from the fund without voter approval. The monies held in the reserve shall not exceed the amount that might reasonably be deemed necessary to meet anticipated judgments and claims arising out of tax certiorari proceedings. Any resources deposited to the reserve which are not expended for tax certiorari proceedings in the year such monies are deposited must be returned to the General Fund on or before the first day of the fourth fiscal year after deposit of these monies. The reserve is accounted for in the General Fund.

Employee Benefit Accrued Liability Reserve

According to General Municipal Law §6-p, must be used for payment of accrued employee benefit due an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated. The reserve is accounted for in the General Fund.

Retirement Contribution Reserve

According to General Municipal Law §6-r, must be used for financing retirement contributions. The reserve must be accounted separate and apart from all other funds and a detailed report of operations and condition of the fund must be provided to the Board. The reserve is accounted for in the General Fund.

Teachers Retirement Contribution Reserve

According to amendments to General Municipal Law §6-r, this reserve must be used to finance retirement contributions to the New York State Teachers Retirement System ("TRS") and/or offset all or some of the amount deducted from the moneys apportioned to the District from the state under Education Law § 521. The reserve must be accounted for separate and apart from all other funds and a detailed report of the operation and condition of the fund must be provided to the Board. This reserve is accounted for in the General Fund. The amount of moneys contributed to the TRS sub-fund annually cannot exceed 2% of the total covered salaries paid during the previous fiscal year with the total amount funded not to exceed 10% of the total covered salaries of all paid during the previous fiscal year.

Committed – Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the school districts highest level of decision making authority, i.e., the Board of Education. The School District has no committed fund balances as of June 30, 2023.

Assigned – Includes amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. The purpose of the constraint must be narrower than the purpose of the general fund, and in funds other than the general fund, assigned fund balance represents the residual amount of fund balance. Assigned fund balance also includes an amount appropriated to partially fund the subsequent year's budget, as well as encumbrances not classified as restricted at the end of the fiscal year.

T. Equity Classifications (Continued)

2. Funds Statements (Continued)

Unassigned – Includes fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, negative unassigned fund balance is reported.

Order of Use of Fund Balance:

The District's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year. For all funds, nonspendable fund balances are determined first and then restricted fund balances for specific purposes are determined. Any remaining fund balance amounts for funds other than the general fund are classified as restricted fund balance. In the general fund, committed and fund balance is determined next and then assigned. The remaining amounts are reported as unassigned. Assignment of fund balance cannot cause a negative unassigned fund balance.

Limitation on Unexpended Surplus Funds:

NYS Real Property Law §1318 limits the amount of the unexpended surplus funds a school district can retain to no more than 4% of the School District's General Fund budget for the ensuing fiscal year. Nonspendable and restricted fund balance of the General Fund are excluded from the 4% limitation. Amounts appropriated for the subsequent year and encumbrances are also excluded from the 4% limitation.

U. New Accounting Standards

The District has adopted all current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. At June 30, 2023, the District implemented the following new standards issued by GASB:

- GASB Statement 91, *Conduit Debt obligation*, effective for the year ending June 30, 2023.
- GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective for the year ending June 30, 2023.
- GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, effective for the year ending June 30, 2023.
- GASB has issued Statement 99, *Omnibus 2022*, paragraphs 11-25 effective for the year ending June 30, 2023.

NOTE 1. SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES. (Continued)

U. New Accounting Standards (Continued)

GASB has issued Statement 91, *Conduit Debt Obligations*, which will provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The District has implemented the statement as required.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which will improve financial reporting by establishing the definitions of public-public partnership arrangements (PPPs) and availability payment arrangements (APAs) and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. This Statement will enhance the decision usefulness of a government's financial statements by requiring governments to report assets and liabilities related to PPPs consistently and disclose important information about PPP transactions. The required disclosures will allow users to understand the scale and important aspects of a government's PPPs and evaluate a government's future obligations and assets resulting from PPPs. The District has implemented the statement as required.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, which will improve financial reporting by establishing a definition for subscription-based information technology arrangements (SBITAs) and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability of a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs. The District has implemented the statement as required.

GASB has issued Statement 99, *Omnibus 2022*, the objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The District has implemented paragraphs 11-25 of Statement 99 as required.

V. Future Changes in Accounting Standards

GA SB has issued Statement 99, *Omnibus 2022*, the objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GA SB Statements and (2) accounting and financial reporting for financial guarantees. The District is currently studying paragraphs 4 through 10 of the Statement and plans to adopt it when required, which will be for the June 30, 2024 financial statements.

GA SB has issued Statement 100, *Accounting Changes and Error Corrections-An Amendment of GA SB Statement No. 62*, the primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The District is currently studying the Statement and plans to adopt it when required, which will be for the June 30, 2024 financial statements.

GA SB has issued Statement 101, *Compensated Absences*, the objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The District is currently studying the Statement and plans to adopt it when required, which will be for the June 30, 2025 financial statements.

NOTE 2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND DISTRICT-WIDE STATEMENTS.

Due to the differences in the measurement focus and basis of accounting used in the governmental fund statements and the district-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus of the Statement of Activities, compared with the current financial resources focus of the governmental funds.

A. Total Fund Balances of Governmental Funds vs. Net Position of Governmental Activities:

Total fund balances of the District's governmental funds differ from "net position" of governmental activities reported in the Statement of Net Position. This difference primarily results from the additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental fund Balance Sheets.

1. The costs of building and acquiring capital assets (land, buildings and equipment) financed from the governmental funds are reported as expenditures in the year they are incurred, and the assets do not appear on the Balance Sheet. However, the Statement of Net Position includes those capital assets among the assets of the District as a whole, with their original costs capitalized and depreciation expensed annually over their useful lives. The balances at June 30, 2023 were as follows:

Accumulated Amortization	<u>(5,400)</u>
	<u>\$ 12,271</u>

4. In a debt refunding, the difference between the reacquisition price and the net carrying amount of the old bonds is recorded as the deferred amount on refunding and included as a deferred outflow of resources in the Statement of Net Position. However, this amount is not included on the Balance Sheet as it was recorded as an expenditure when it was due, and thus required the use of current financial resources. The balances at June 30, 2023 were as follows:

Deferred Amount on Refunding	<u>\$ 1,535,409</u>
------------------------------	---------------------

5. In the Statement of Net Position, a liability is recognized for the District's proportionate share of the net pension liability attributable to each defined benefit pension plan in which the District participates. A net pension liability is measured as the proportionate share of the portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service (proportionate share of total pension liability), net of the proportionate share of that pension plan's fiduciary net position. If a pension plan's fiduciary net position exceeds its total pension liability, the District's proportionate share of the pension plan's net pension asset is recognized. Also, deferred outflows and inflows of resources related to pensions primarily result from

B. Statement of Revenues, Expenditures and Changes in Fund Balance vs. Statement of Activities

Differences between the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities fall into one of five broad categories. The amounts shown below represent:

1. Long-Term Revenue Differences

Long-term revenue differences arise because governmental funds report revenues only when they are considered “available”, whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities.

2. Capital Related Differences

Capital related differences include the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the governmental fund statements and depreciation expense on those items as recorded in the Statement of Activities.

3. Long-Term Debt Transaction Differences

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the governmental fund statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

4. Pension Plan Transaction Differences

Pension plan transaction differences occur as a result of changes in the District’s proportion of the collective net pension asset/liability and differences between the District’s contributions and its proportionate share of the total contributions to the pension systems.

5. Other Postemployment Benefit (OPEB) Related Differences

OPEB differences occur as a result of changes in the District’s total OPEB liability and differences between the District’s contributions and OPEB expense.

In the Statement of Activities, certain operating expenses (compensated absences and special termination benefits) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially the amount actually paid). The amount by which compensated absences paid were less than the amount earned during the year was \$44,752. Judgments and claims incurred exceeded the claims paid in the amount of \$182,450 during the year.

NOTE 4. STEWARDSHIP AND COMPLIANCE.

A. Budgets

The District administration prepares a proposed budget for approval by the Board of Education for governmental funds for which legal (appropriated) budgets are adopted. The voters of the District approved the proposed appropriation budget for the General Fund. Appropriations are adopted at the program line item level.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances) that may be incurred. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Appropriations authorized for the current year are increased by the planned use of specific reserves, and budget amendments approved the Board of Education as a result of selected new revenue sources not included in the original budget (when permitted by law). These Supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted.

Budgets are adopted annually on a basis consistent with GAAP. Appropriations authorized for the year are increased by the amount of encumbrances carried forward from the prior year. The General Fund is the only fund with a legally approved budget for the year ended June 30, 2023.

Budgets are established and used for individual capital project funds expenditures as approved by a special referendum of the District's voters. The maximum project amount authorized is based primarily upon the cost of the project, plus any requirements for external borrowings, not annual appropriations. These budgets do not lapse and are carried over to subsequent fiscal years until the completion of the projects.

B. Encumbrances

Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year-end are presented as reservations of fund balance and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time, as the liability is incurred or the commitment is paid.

NOTE 5. CASH.-CUSTODIAL- CREDIT, CONCENTRATION OF CREDIT, INTEREST RATE, FOREIGN CURRENCY RISKS AND INVESTMENT POOL

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. While the District does not have a specific policy for custodial credit risk, New York State statutes govern the District's investment policies, as discussed previously in these Notes.

The District's aggregate bank balances (disclosed in the financial statements), included balances not covered by depository insurance at year-end, collateralized as follows:

Uncollateralized	\$ 0
Collateralized with securities held by the pledging financial institution, or its trust department or agent, but not in the District's name	\$ 29,933,226

Restricted cash represents cash and cash equivalents where use is limited by legal requirements. These assets represent amounts required by statute to be reserved for various purposes. Restricted cash as of year-end includes \$21,932,164 within the governmental funds.

The District does not typically purchase investments for a long enough duration to cause it to believe that it is exposed to any material interest rate risk. The District also does not purchase investments denominated in a foreign currency, and is not exposed to foreign currency risk.

The District participates in a multi-municipal cooperative investment pool agreements pursuant to New York State General Municipal Law Article 5-G, §119-O, whereby it holds a portion of the investments in cooperation with other participants. The investments are highly liquid and are considered to be cash equivalents.

Total investments of the NYClass cooperative as of year-end are \$8,463,692,945, which consisted of \$2,530,081,947 in repurchase agreements, \$3,907,187,600 in U.S. Treasury Bills, \$965,776,728 in U. S. Treasury Securities and \$1,060,646,670 in collateralized bank deposits all with various interest rate and due dates.

Total investments of the New York Liquid Asset Fund cooperative as of year-end are \$1,336,461,514, which consisted of \$497,100,000 in Repurchase Agreements, \$466,507,689 in Bank Products, \$372,723,219 in Treasury/Agency Securities and \$130,606 in cash & equivalents all with various interest rate and due dates.

The above amounts represent the cost of investment pool shares, and are considered to approximate market value. The investment pools are categorically exempt from the New York State collateral requirements. Additional information concerning the cooperatives is presented in the annual reports of the respective cooperative.

Employees' Retirement System Plan Description

The District participates in the New York State and Local Employees' Retirement System (ERS). ERS and the New York State and Local Police and Fire Retirement System (PFRS) are collectively referred to as New York State and Local Retirement System (the ERS System). These are cost-sharing multiple-employer defined benefit retirement systems. The net position of the ERS System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all assets and record changes in fiduciary net position allocated to the ERS System. The Comptroller of the State of

New York serves as the trustee of the Fund and is the administrative head of the ERS System. The Comptroller is an elected official determined in a direct statewide election and serves a four-year term. Thomas P. DiNapoli has served as Comptroller since February 7, 2007. In November, 2022, he was elected for a new term commencing January 1, 2023. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. Separately issued financial statements for the System can be accessed on the Comptroller's website at [www.osc.state.ny.us/retire/about\\_us/financial\\_statements\\_index.php](http://www.osc.state.ny.us/retire/about_us/financial_statements_index.php).

Teachers' Retirement System Plan Description

The New York State Teachers Retirement System (the TRS System) was created and exists pursuant to Article 11 of the New York State Education Law. The System is the administrator of a cost-sharing, multiple-employer public employee retirement system (PERS), administered by a 10-member Board to provide pension and ancillary benefits to teachers employed by participating employers in the State of New York, excluding New York City. For additional Plan information please refer to the NYSTRS Comprehensive Annual Financial Report which can be found on the Systems website located at [www.nystrs.org](http://www.nystrs.org).

ERS Benefits Provided

The ERS System provides retirement benefits as well as death and disability benefits.

*Tiers 1 and 2*

Eligibility: Tier 1 members, with the exception of those retiring under special retirement plans, must be at least age 55 to be eligible to collect a retirement benefit. There is no minimum service requirement for Tier 1 members. Tier 2 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The age at which full benefits may be collected for Tier 1 is 55, and the full benefit age for Tier 2 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If the member retires with 20 or more years of service, the benefit is 2 percent of final average salary for each year of service. Tier 2 members with five or more years of service can retire as early as age 55 with reduced benefits. Tier 2 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. As a result of Article 19 of the RSSL, Tier 1 and Tier 2 members who worked continuously from April 1, 1999 through October 1, 2000 received an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 additional months.

Final average salary is the average of the wages earned in the three highest consecutive years of employment. For Tier 1 members who joined on or after June 17, 1971, each year used in the final average salary calculation is limited to no more than 20 percent greater than the previous year. For Tier 2 members, each year of final average salary is limited to no more than 20 percent greater than the average of the previous two years.

*Tiers 3, 4, and 5*

Eligibility: Tier 3 and 4 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. Tier 5 members, with the exception of those retiring under special retirement plans, must have 10 years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tiers 3, 4 and 5 is 62.

ERS Benefits Provided (Continued)

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with between 20 and 30 years of service, the benefit is 2 percent of final average salary for each year of service. If a member retires with more than 30 years of service, an additional benefit of 1.5 percent of final average salary is applied for each year of service over 30 years. Tier 3 and 4 members with five or more years of service and Tier 5 members with 10 or more years of service can retire as early as age 55 with reduced benefits. Tier 3 and 4 members age 55 or older with 30 or more years of service can retire with no reduction in benefits.

Final average salary is the average of the wages earned in the three highest consecutive years of employment. For Tier 3, 4 and 5 members, each year of final average salary calculation is limited to no more than 10 percent greater than the average of the previous two years.

*Tier 6*

Eligibility: Tier 6 members, with the exception of those retiring under special retirement plans, must have 10 years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tier 6 is 63 for ERS members and 62 for PFRS members.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with 20 years of service, the benefit is 1.75 percent of final average salary for each year of service. If a member retires with more than 20 years of service, an additional benefit of 2 percent of final average salary is applied for each year of service over 20 years. Tier 6 members with 10 or more years of service can retire as early as age 55 with reduced benefits.

Final average salary is the average of the wages earned in the five highest consecutive years. For Tier 6 members, each year of final average salary is limited to no more than 10 percent greater than the average of the previous four years.

*Special Plans*

The 25-Year Plans allow a retirement after 25 years of service with a benefit of one-half of final average salary, and the 20-Year Plans allow a retirement after 20 years of service with a benefit of one-half of final average salary. These plans are available to certain PFRS members, sheriffs, and correction officers.

*Disability Retirement Benefits*

Disability retirement benefits are available to ERS and PFRS members unable to perform their job duties because of permanent physical or mental incapacity. There are three general types of disability benefits: ordinary, performance of duty, and accidental disability benefits. Eligibility, benefit amounts, and other rules such as any offsets or other benefits depend on a members' tier, years of service, and plan.

*Ordinary Death Benefits*

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first \$50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times the member's annual salary. For most members, there is also a reduced post-retirement ordinary death benefit available.

*Post-Retirement Benefit Increases*

A cost-of-living adjustment is provided annually to: (i) all pensioners who have attained age 62 and have been retired for five years; (ii) all pensioners who have attained age 55 and have been retired for 10 years; (iii) all disability pensioners, regardless of age, who have been retired for five years; (iv) ERS recipients of an accidental death benefit, regardless of age, who have been receiving such benefit for five years and (v) the spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement. An eligible spouse is entitled to one-half the cost-of-living adjustment amount that would have been paid to the retiree when the retiree would have met the eligibility criteria. This cost-of-living adjustment is a percentage of the annual retirement benefit of the eligible member as computed on a base benefit amount not to exceed \$18,000 of the annual retirement benefit. The cost-of-living percentage shall be 50 percent of the annual Consumer Price Index as published by the U.S. Bureau of Labor, but cannot be less than 1 percent or exceed 3 percent.

TRS Benefits Provided

The benefits provided to members of the TRS System are established by New York State law and may be amended only by the Legislature with the Governor's approval. Benefit provisions vary depending on date of membership and are subdivided into the following six classes:

*Tier 1*

Members who last joined prior to July 1, 1973 are covered by the provisions of Article 11 of the Education Law.

*Tier 2*

Members who last joined on or after July 1, 1973 and prior to July 27, 1976 are covered by the provisions of Article 11 of the Education Law and Article 11 of the Retirement and Social Security Law (RSSL).

*Tier 3*

Members who last joined on or after July 27, 1976 and prior to September 1, 1983 are covered by the provisions of Article 14 and Article 15 of the RSSL.

*Tier 4*

Members who last joined on or after September 1, 1983 and prior to January 1, 2010 are covered by the provisions of Article 15 of the RSSL.

*Tier 5*

Members who joined on or after January 1, 2010 and prior to April 1, 2012 are covered by the provisions of Article 15 of the RSSL.

*Tier 6*

Members who joined on or after April 1, 2012 are covered by the provisions of Article 15 of the RSSL.

*Service Retirements*

Tier 1 and 2 members are generally eligible for a service retirement benefit of 2% per year of credited service times final average salary (FAS). A 5% reduction generally applies for each full year of state service under 20 years (prorated for partial years with a maximum reduction of 50%). Tier 1 and 2 members may retire as early as age 55 with five or more years of state service credit. Retirement may also occur for Tier 1 members at age 55 with less than five years of service if two years are credited since July 1, 1967, after the current membership date, and since the member turned age 53.

Generally, the maximum pension payable to Tier 1 and 2 members (with two years of credit under the Article 19 Benefit Enhancement law) is 79% of FAS. An age factor applies to Tier 2 members who retire before age 62 with less than 30 years of service. There is no age factor for Tier 1 members.

Tier 3 and 4 members are generally eligible for a service retirement benefit of 1.67% per year of credited service times FAS for less than 20 years of service. 2.0% per year for 20 to 30 years of service, and 60% of FAS plus 1.5% per year of service beyond 30 years. Tiers 3 and 4 members may retire as early as age 55 with 5 years of state service credit. An age factor applies for Tier 3 and 4 members who retire before age 62 with less than 30 years of service.

Tier 5 members are generally eligible for a service retirement benefit of 1.67% per year of credited service times FAS for less than 25 years of service, 2% per year for 25 – 30 years of service, and 60% of FAS plus 1.5% per year of service beyond 30 years. Tier 5 members may retire as early as age 55 with 5 years of service credit. An age factor applies to Tier 5 members who retire before age 57 or retire between age 57 and 62 with less than 30 years of service.

Tier 6 members are generally eligible for a service retirement benefit of 1.67% per year of credited service times FAS for less than 20 years of service, plus 1.75% per year for 20 years of service, and 35% of FAS plus 2% per year for service beyond 20 years. Tier 6 members may retire early as age 55 with 5 years of state service credit. An age factor applies for Tier 6 members who retire before age 63. In addition, vested Tier 6 members with an inactive membership must be at least 63 to retire.

*Vested Benefits*

Retirement benefits for Tiers 1-6 are vested after five years of credited service. Prior to April 9, 2022, Tier 5 and 6 members needed to attain 10 years of state service credited to be vested. Benefits are payable at age 55 or greater with the limitations noted for service retirement above.

*Disability Benefits*

Members are eligible for disability retirement benefits after 10 years of credited New York State service except for Tiers 3 where disability retirement is permissible after 5 years credited New York State service pursuant to the provision of Article 14 of the RSSL. The Tier 3 benefit is integrated with Social Security.

*Death Benefits*

Death benefits are paid to the beneficiary of active members who die in service and certain retirees. For active members, the benefit is based on final salary, age and the number of years of credited service. For retired members, it is also based on the number of years in retirement.

*Prior and Military Service*

After 2 years of membership, members of all tiers may claim and receive credit for prior New York State public or teaching service. Only Tiers 1 and 2 members may, under certain conditions, claim out of state service. Certain members may also claim military service credit prior to or interrupting membership.

*Tier Reinstatement*

In accordance with Chapter 640 of the Laws of 1998, any active member who had a prior membership may elect to be reinstated to their original date and Tier of membership.

*Permanent Cost of Living Adjustment (COLA)*

Section 532-a of the Education Law provides a permanent cost-of-living benefit to both current and future retired members. This benefit will be paid commencing September of each year to retired members who have attained age 62 and have been retired for 5 years or attained age 55 and have been retired for 10 years. Disability retirees must have been retired for 5 years, regardless of age, to be eligible. The annual COLA percentage is equal to 50% of the increase in the Consumer Price Index (CPI) not to exceed 3% nor be lower than 1%. It is applied to the first eighteen thousand dollars of the maximum annual benefit. The applicable percentage payable beginning September 2022 is 3.0%.

Members who retired prior to July 1, 1970 are eligible for a minimum benefit of seventeen thousand five hundred dollars for 35 years of credited full-time New York State service. Certain members who retire pursuant to the provisions of Article 14 of the RSSL are eligible for automatic cost-of-living

Contributions

The Systems is noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 who generally contribute 3% to 3.5% of their salary for their entire length of service. In addition, employee contribution rates under ERS tier 6 vary based on a sliding salary scale. For TRS, contribution rates are established annually by the New York State Teachers' Retirement Board pursuant to Article 11 of the Education Law. The Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions for the ERS' fiscal year ended March 31. The District paid 100% of the required contributions as billed by the TRS and ERS for the current year and each of the two preceding years. These contributions were as follows:

Year	NYSTRS	NYSERS
2022 - 2023	\$ 3,427,668	\$ 1,214,164
2021 - 2022	3,183,142	1,398,242
2020 - 2021	3,036,515	1,455,448

The District chose to prepay the required contributions to ERS by December 15th each year and received a discount.

ERS has provided additional disclosures through entities that elected to participate in Chapter 260, 57 and 105.

Pension Assets, Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the District reported the following asset/(liability) for its proportionate share of the net pension liability/(asset) for each of the Systems. The net pension asset/(liability) was measured as of March 31, 2023, for ERS and June 30, 2022 for TRS. The total pension asset/(liability) used to calculate the net pension asset/(liability) was determined by an actuarial valuation. District's proportion of the net pension asset/(liability) was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the ERS and TRS Systems in reports provided to the District.

At March 31, 2023, the District's proportion of the NYSEERS net pension asset/(liability) was 0.0341845%, which was an increase of .0025616% from its proportion measured as of March 31, 2022.

Actuarial Assumptions

The total ERS pension liability at March 31, 2023 was determined by using an actuarial valuation as of April 1, 2022, with update procedures used to roll forward the total pension liability to March 31, 2023.

The total TRS pension liability at June 30, 2022 was determined by using an actuarial valuation as of June 30, 2021, with update procedures used to roll forward the total pension liability to June 30, 2022. These actuarial valuations used the following actuarial assumptions.

	ERS	TRS
Measurement Date	March 31, 2023	June 30, 2022
Inflation Rate	2.9%	2.4%
Projected Salary Increases	4.4%	Rates of increase differ based on service. They have been calculated based upon recent NYSTRS member experience.

Mortality Improvement	Society of Actuaries Scale MP-2021	Society of Actuaries Scale MP-2021

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by each the target asset allocation percentage and by adding expected inflation.

Actuarial Assumptions (Continued)

The Long Term Expected Rates of Return are presented by asset allocation classification, which differs from the financial statement presentation. Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of the measurement date of June 30, 2022 for TRS and March 31, 2023 for ERS are summarized in the following table:

Measurement Date	ERS		Measurement Date	TRS	
	March 31, 2023	Long-term Target expected real rate of return	June 30, 2022	Long-term Target expected real rate of return*	
<u>Asset Class:</u>			<u>Asset Class:</u>

Discount Rate

The discount rate used to calculate the total pension liability was 5.90% for ERS and 6.95% for TRS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Payables to the Pension Plan

For ERS, employer contributions are paid annually based on the System's fiscal year which ends on March 31<sup>st</sup>. Accrued retirement contributions as of June 30, 2023 represent the projected employer contributions for the period of April 1, 2023 through June 30, 2023 based on paid ERS wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2023 amounted to \$358,142 of employer contributions. Employee contributions are remitted monthly.

For TRS, employer and employee contributions for the fiscal year ended June 30, 2023 are paid to the System in September, October and November 2023 through state aid intercept. Accrued retirement contributions as of June 30, 2023 represent employee and employer contributions for the year ended June 30, 2023. Employer contributions are based on paid TRS covered wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2023 amounted to \$3,816,993.

Totals	\$ 4,533,134	\$ 4,533,134	\$ 335,463	\$ 335,463

Interfund receivables and payables are eliminated on the Statement of Net Position. The District typically loans resources between funds for the purpose of mitigating the effects of transient cash flow issues. All interfund payables are expected to be repaid within one year.

The District typically transfers from the General Fund to the Special Aid Fund to fund the portion of the Summer Handicapped Program not funded by aid from New York State.

NOTE 14. OTHER POSTEMPLOYMENT BENEFITS.

Plan Description – The District’s defined benefit OPEB plan (“the District’s OPEB plan”), provides OPEB for eligible retired employees, their spouses and their dependent children. The District’s OPEB plan is a single-employer defined benefit OPEB plan administered by the District based on employment contracts. As these employment contracts are renegotiated, eligibility and benefits may change over time. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided – The District’s OPEB plan subsidizes the cost of healthcare to eligible retired employees, their spouses and their dependent children. Minimum eligibility requirements for postemployment benefits are as follows:

- Employees are eligible for postretirement benefits if he/she has met the following requirements:
  - Administrators Age 55 with 5 Years of Service
  - Cabinet Age 55 with 5 Years of Service
  - CSEA Age 55 with 20 Years of Service
  - Teachers Age 55 with 10 Years of Service
- The School District reimburses a portion of the cost of Medicare Part B premiums to both retirees and covered spouses that retire prior to 9/1/2019. As a result of the district establishing its own viable self-funded insurance plan, only district employees (not spouses) will be reimbursed a portion of the Medicare Part B premiums for those retiring after 9/1/19. Surviving spouses are not eligible for Medicare Part B Reimbursement.
- The Medicare part B reimbursement was frozen at \$104.90/ month for all retirees effective September 2016.

Total OPEB Liability

The District's total OPEB liability of \$143,920,407 was measured as of June 30, 2022, and was determined by an actuarial valuation as of July 1, 2022 with update procedures used to roll forward the actuarial accrued liability to June 30, 203..

Actuarial Assumptions and Other Inputs – The total OPEB liability in the July 1, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	3.54%
Healthcare Cost Trend Rates	Pre-65: 8.27% for 2022, decreasing to an ultimate rate of 4.50% for 2031 and later years
	Post-65: 8.85% for 2022, decreasing to an ultimate rate of 4.50% for 2031 and later years
Current Retirees' Share of Benefit Related Costs	Retirees pay 0% - 30% of the cost of single coverage and 25% - 60% for the spouse/family based on years of service with the District. Surviving spouse pays 100% of the Premium cost.

The discount rate was based on a review of the yield derived from the Bond Buyer 20 General Obligation Bond Index closest to the measurement date.

Mortality rates were based on the PUB-2010 Headcount Weighted Mortality Table projected generationally with adjustments for mortality improvements based on the SOA Scale MP-2021.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of an actuarial experience study included in the valuation reports for ERS and TRS which are used to estimate the rate of retirement from the active plan and is based on age and gender.

NOTE 15. RISK MANAGEMENT.

General Information

The District is exposed to various risks of loss related to torts, theft, damage, injuries, errors and omissions, natural disasters, and other risks. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past two years.

Workers' Compensation

The District participates in the Orange/Ulster School District Workers Compensation Plan. The plan is a non-risk-retained public entity risk pool for its employee health and accident insurance coverage. The pool is operated for the benefit of 20 individual governmental units located with the pool's geographic area, and is considered a self-sustaining risk pool that will provide coverage for its members up to \$500,000 per insured event. The pool obtains independent coverage for insured events in excess of the \$500,000 limit, and the District has essentially transferred all related risk to the pool.

Self-Funded Medical and Prescription Plan

The District self-insures for medical and prescription health insurance benefits for all eligible staff and retirees. The benefit administrators are responsible for the approval, processing and payment of claims which are funded by the District. Empire Blue Cross, Inc. is the third-party claims administrator for the District's health plan. EmpiRx is the third-party claims administrator for the District's prescription plan. The cost of medical and prescription claims are paid out of employee and employer contributions. The District pays the medical claims and related administrative fees on a bi-weekly basis to Empire. The District pays prescription claims and related administrative fees on a bi-weekly basis to EmpiRx. Health claims and prescription claims reported and unreported claims which were incurred on or before year end, but which were not paid by the District as of that date in the amount of \$652,000 have been recorded as provided by Empire.

To provide claims protection for unanticipated large claims, the District has purchased both aggregate and specific stop loss coverage from Empire Blue Cross Insurance Company. The aggregate insurance provides full coverage for aggregate claims in excess of 125% of expected claims. The specific stop loss insurance assumes the risk for claims on any individual in excess of \$250,000 paid during the plan year. The plan recovered reimbursements from the stop loss policy for 2022-2023, in the amount of \$351,620.

Self-Funded Dental and Vision Plan

The District is self-insured for dental and vision benefits for active and retired support staff and administrators. (The teachers' union maintains their own Benefit Trust Fund for dental and vision benefits for active employees.) The benefit administrators are responsible for the approval, processing and payment of claims which are funded by the District. Delta Dental of New York is the third party claims administrator for the District's dental plan. Empire Blue View, Inc. is the third party claims administrator for the District's vision plan. The claims for dental and vision care are paid out of employee, retiree and employer contributions. The District pays the dental claims and related administrative fees on a weekly basis by transferring funds to Delta Dental.

The District has not purchased stop loss insurance on the self-funded dental or vision plans as they both have a limited potential liability that does not represent a significant portion of the overall health insurance costs. The District's liability is limited to the annual dental maximum per covered individual, which is \$1,500 for active employees and \$1,000 for retirees for the year ended June 30, 2023. The vision benefits are limited to an annual plan maximum of approximately \$250 per covered individual.

Claims Activity for the fiscal year is summarized below:

	Claims and Changes In Estimates	Claims Payments	Balances at End of Year

NOTE 16. COMMITMENTS AND CONTINGENCES.

The District has received grants, which are subject to audit by agencies of the state and federal governments. Such audits may result in disallowances and a request for a return of funds. Based on prior years' experience, the District's administration believes disallowances, if any, will be immaterial.

There are currently pending certiorari proceedings, the results of which could require the payment of future tax refunds by the School District if existing assessments rolls are modified based on the outcome of the litigation proceedings. However, the amount of these possible refunds cannot be determined at the present time. Any payments resulting from adverse decisions in excess of the Tax Certiorari Reserve will be funded in the year the payment is made.

NOTE 17. ENCUMBRANCES.

Encumbrances represent contracts, purchase orders, payroll commitments, tax payables, or legal penalties that are chargeable to an account. They cease to be encumbrances when paid or when the actual liability amount is determined and recorded as an expenditure. Encumbrances of appropriations of budgets for the year ended June 30, 2023 have been included in the assigned fund balances of the following fund as of June 30, 2023:

General Fund	\$ 768,122
Total Encumbrances	<u>\$ 768,122</u>

NOTE 18. TAX ABATEMENT.

The Orange County Industrial Development Agency ("the IDA") entered into property tax abatement agreements that reduced the District's gross tax revenues. Generally, property tax abatement agreements are entered into by the IDA under New York Real Property Tax Law, Section 412-a and General Municipal Law, Section 874 in order to induce businesses to acquire, renovate, construct and upgrade certain real property within Orange County. For a qualified and approved project, the IDA takes title or a leasehold interest in the property thereby technically making the property exempt from all real property taxes. However, the IDA requires the execution of a Payment in Lieu of Taxes (PLOT) Agreement with the company which requires the company to pay a reduced portion of the current real property taxes, including land and special district taxes, to the County, Town/Village and School District in which it is located and a graduated percentage of taxes upon the improvements constructed on the property.

For the fiscal year ended June 30, 2023, the District abated property taxes totaling \$2,623,658 under these property tax abatement agreements and received payments in lieu of tax (PLOT) in the amount of \$1,451,619.

NOTE 19. SUBSEQUENT EVENTS.

The District has evaluated subsequent events through October 6, 2023 the date that the financial statements were available to be issued. No significant subsequent events have been identified that would require adjustment of or disclosure in the accompanying financial statements.

*Changes of assumptions:* Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period

	06/30/23	06/30/22	06/30/21	06/30/20	06/30/19	06/30/18
	3.54%	2.16%	2.21%	3.51%	3.87%	3.58%

Underlying claims were updated to reflect the most recent claims experience for the 6/30/19 period.

For the 6/30/22 period, the mortality improvement scale has been updated from the MP-20 to MP-2021

For the 6/30/21 period, the mortality improvement scale has been updated from the MP-2018 to MP-2020

For the 6/30/19 period, the mortality assumption was updated from the RP-2014 Combined Healthy Generational Mortality Table with projection scale MP-2016 from the Central Year to the PUB-2010 Headcount Weighted Mortality Table with projection scale MP-2018 varying based on Bargaining Unit Classification.

For the 6/30/18 period, the salary scale was updated to service-based tables from ERS and TRS.

For the 6/30/18 period, health care cost trends rates were updated based on national average information from a variety of sources, including S&P Healthcare Economic Index, NHCE data, plan renewal data, and vendor Rx reports, with adjustments based on provisions of the benefits sponsored by the Minisink Valley Central School District.

\* GASB 75 requires that the past 10 years of information be presented. However, until a full 10 year trend is compiled, information is presented for those years which information is available. Data will be accumulated over time and presented according to GASB 75.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Minisink Valley Central School District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Minisink Valley Central School District's basic financial statements and have issued our report thereon dated October 6, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Minisink Valley Central School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Minisink Valley Central School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Minisink Valley Central School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the President and Members  
of the Board of Education of  
Minisink Valley Central School District

Page 2

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Minisink Valley Central School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Minisink Valley Central School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Minisink Valley Central School District's major federal programs for the year ended June 30, 2023. Minisink Valley Central School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Minisink Valley Central School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Minisink Valley Central School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Minisink Valley Central School District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Minisink Valley Central School District's federal programs.

To the President and Members  
of the Board of Education of the  
Minisink Valley Central School District

### *Auditor's Responsibilities for the Audit of Compliance*

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Minisink Valley Central School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Minisink Valley Central School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Minisink Valley Central School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Minisink Valley Central School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Minisink Valley Central School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

To the President and Members  
of the Board of Education of the  
Minisink Valley Central School District

Page 3

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1. BASIS OF PRESENTATION.

The accompanying schedule of expenditures of federal awards presents the activity of federal award programs administered by the District, which is described in Note 1 to the District's accompanying financial statements, using the modified accrual basis of accounting. Federal awards that are included in the schedule may be received directly from federal agencies, as well as federal awards that are passed through from other government agencies. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. Because the schedule of expenditures of federal awards presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, change in net assets, or cash flows of the District.

Indirect costs may be included in the reported expenditures, to the extent that they are included in the federal financial reports used as the source for the data presented. The District's policy is not to charge federal award programs with indirect costs.

Matching costs (the District's share of certain program costs) are not included in the reported expenditures. The basis of accounting varies by federal program consistent with the underlying regulations pertaining to each program. The amounts reported as federal expenditures were obtained from the federal financial reports for the applicable program and periods. The amounts reported in these reports are prepared from records maintained for each program, which are reconciled with the District's financial reporting system.

NOTE 2. NON-CASH ASSISTANCE.

The District is the recipient of a federal award program that does not result in cash receipts or disbursements. The District was granted \$73,402 of commodities under the Commodity Supplemental Food Program (Federal Assistance Listing Number 10.555).

NOTE 3. OTHER DISCLOSURES.

No insurance is carried specifically to cover equipment purchased with federal funds. Any equipment purchased with federal funds has only a nominal value, and is covered by the District's casualty insurance policies.

There were no loans or loan guarantees outstanding at year-end.

INDEPENDENT AUDITOR'S REPORT

To the President and Members  
of the Board of Education of the  
Minisink Valley Central School District  
Slate Hill, New York

Norman M. Sassi, CPA  
Walter J. Jung, CPA

**Opinion**

We have audited the accompanying financial statements of the Minisink Valley Central School District's extraclassroom activities funds of, which comprise the statement of assets, liabilities, and fund balance-cash basis as of June 30, 2023 and the related statement of receipts and disbursements-cash basis for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balance-cash basis of the Minisink Valley Central School District's extraclassroom activities funds of as of June 30, 2023, and its receipts and disbursements-cash basis for the year then ended, in accordance with the cash basis of accounting as described in Note 1.

**Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Minisink Valley Central School District's extraclassroom activity funds and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Minisink Valley Central School District's extraclassroom activity funds internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Minisink Valley Central School District's extraclassroom activity funds ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

MINISINK VALLEY CENTRAL SCHOOL DISTRICT  
SLATE HILL, NEW YORK  
EXTRACLASSROOM ACTIVITY FUNDS  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES.

- (a) The transactions of the Extraclassroom Activity Funds are considered part of the reporting entity of Minisink Valley Central School District. We have included the Extraclassroom Activity Fund balances within the Miscellaneous Special Revenue Fund of the financial statements. The separate audit report of the Extraclassroom Activity Funds is required due to the fact that the transactions of this fund are controlled by student management.
- (b) The books and records of Minisink Valley Central School District's Extraclassroom Activity Funds are maintained on the cash basis of accounting. Under this basis of accounting, revenues are recognized when cash is received and expenditures recognized when cash is disbursed.
- (c) The Extraclassroom Activity Funds are used to record the activity of all student-related activities within the District. These funds are under the control of an appointed central treasurer who maintains cash receipts and cash disbursement books. All receipts are collected by the student activity treasurer and disbursements must be approved by the student management.
